My dear Mr. Garrison,
Your kind letter
was (& is) a joyful
event of my life
and an encouraging
one. Many thanks
for it & for the
photographs which
it is a pleasure &
an honor for me
to possess. I have
put Mrs. Josephine
W. W. W. on the office
page looking up
at the one in my

album. We have
found it a privi-
lege to become ac-
quainted with so
sweet & devoted
a life, so kind &
unconsciously
heroic, as that of
Mr. Garrison; &
value greatly
the photograph
presented to the
memoir.

He followed the
various phases
of the presidential
contest with great

& rejoice in the result
which has raised
the appreciation of
American character
and of republican
institutions, & has
given us reason
to hope the best
for the future of
the country. I
think the law-abiding
ness of America
has taken people
by surprise.

We are very
glad to hear that
you & your son

may be hoped for
in this country
soon, & hope that
if you are passing
near St. Asaph
you will honour
us with your
Company for
a day or two,
making excuse,
as you will kindly
do, for several
ways. With the
best regards of all
for most faithfully
Harriet Lupton.
